

COLOR PALETTE

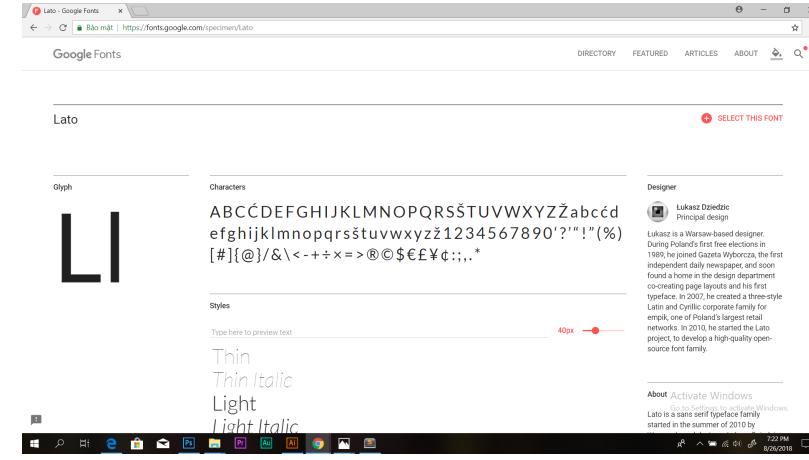

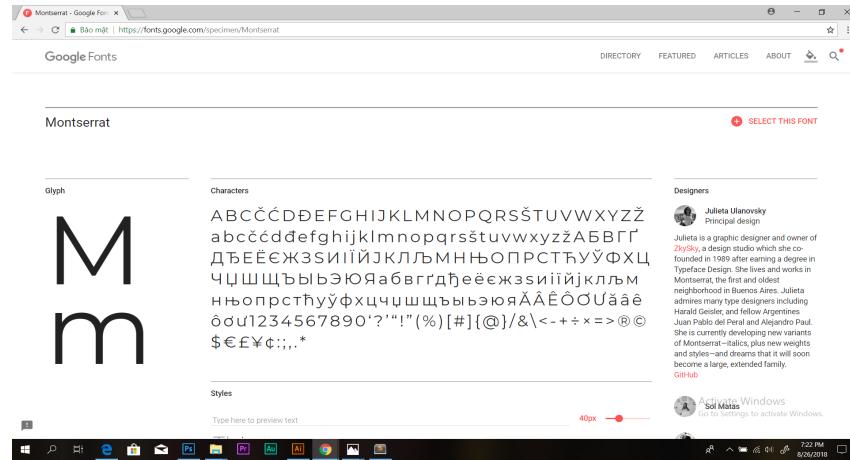

I mainly use these colors to go well with my logo.

I like to use warm tone color because they please the eyes

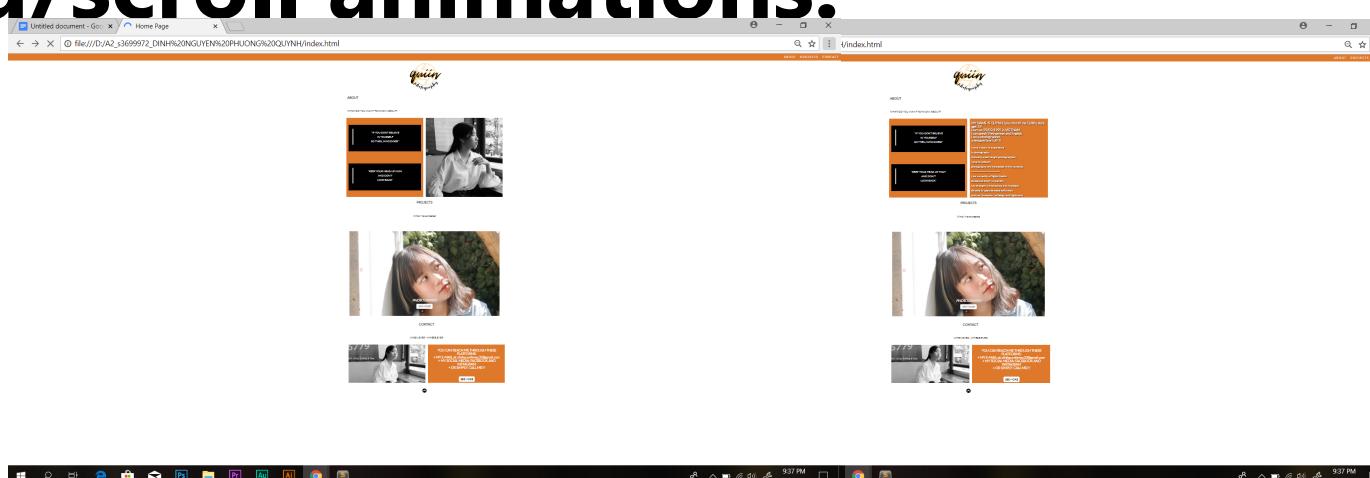

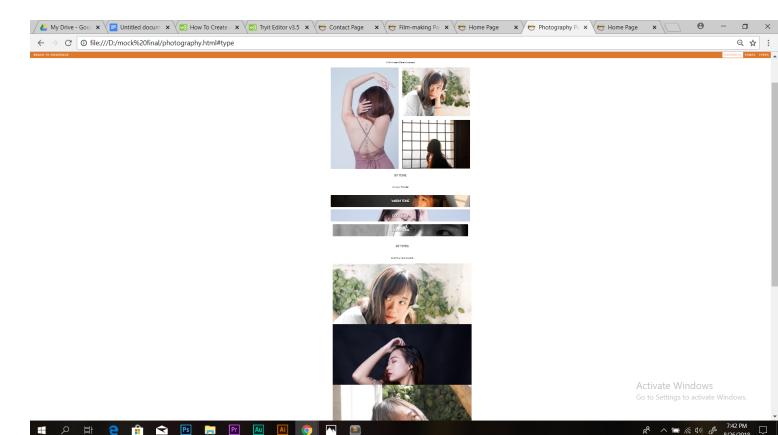

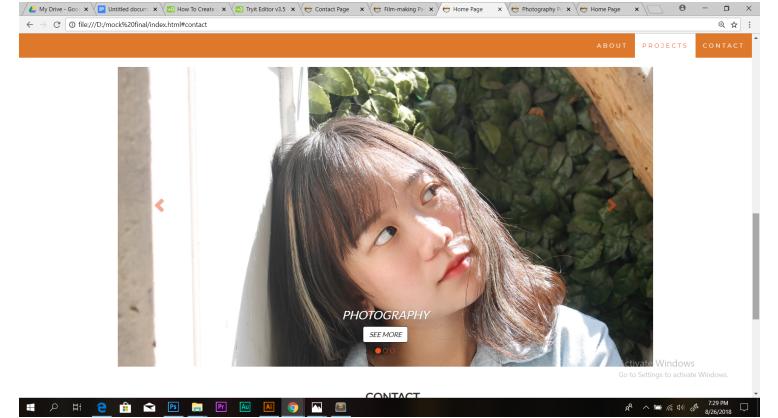

**For my nav bar, I
use this plugin to
create the sliding
box when I scroll
down the page
from section
to section**

I mostly use 2 of these fonts which are Lato and Montserrat. The reason why I choose these font is because they are and easy to read. Also they work well my vision and they go well together

**Using hierarchy system, 12 column grid system.
Having 5 sections and many background pictures as layout.
Using carousel for images and categories tab section, parallax background, hover animations, load/scroll animations.**

Content analysis

1. Home page: 3 sections

(About me, highlight projects, contact info)

2. Contact page:

(More contact info, social media,form)

3. Photography page: 3 sections

(concept, tone and type)

4. Graphic page: 2 sections

(booklet and illustration)

5. Video page: 3 sections

(School, Personal, Organization)

file:///D:/A2_s3699972_DINH%20NGUYEN%20PHUONG%20QUYNH/film-making.html

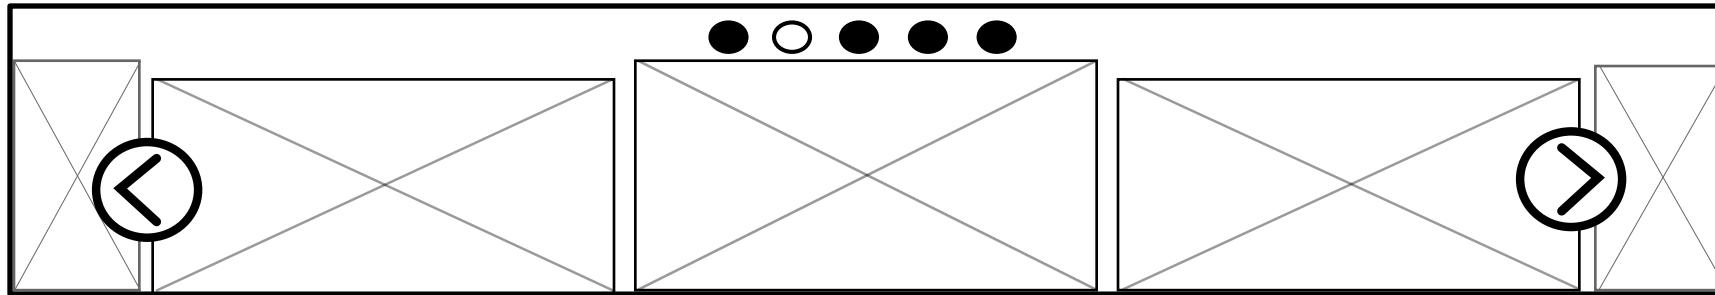

For my logo
I use 2 fonts:
+Salmela Script
+The Woodlands
to add more artistic
feel to it.
main colors are
yellow and black
